

Leadership and Disciple-Making Strategies

What is your disciple-making plan?

In a recent conversation we had with a large Canadian denomination, it was discovered that in one of their regions only 20% of their churches had an intentional disciple-making plan. That meant that 80% were relying on old strategies, or in the worst case, “winging it”. For the AGC, when it comes to making disciples of Christ, “winging it” is simply not an option. Disciple-making is **the** call of Jesus Christ. In this Ministry Leaders Gathering our superintendents will be giving an overview of 4-chair discipleship. This is a simple, yet powerful disciple-making paradigm based on the life and ministry of Jesus.
