Avoiding a Looming Disaster: Developing Christian Unity

Facilitator: Rev. Dr. Bill Fietje

The greatest enemy of the Church may be us! Evangelicals often struggle under the pressures from outside the church. The government; secular society; the evil one (of course). Yet one of the greatest problem we face is from within; it is the 'bent' built within us to create disunity. This MLG we will deal with the nature of how to protect against disunity and how to promote unity in the church of Jesus.

Bill will also provide helpful "clichés to lead by" as he says good-bye to his beloved AGC ministry leaders. You won't want to miss out on these important insights.

***Ministry Leaders Gatherings are peer learning opportunities,
so come prepared to share your insights and practices.***
