Capacity & Resilience in Ministry

The work is never done! But that doesn't mean you have the capacity to do it over the long haul. Yes, some people seem to be like the energy bunny but even they run out of energy—or worse, burn out!

- What biblical principles will help us determine our capacity?
- How do we understand the role of sabbath and sabbatical?

This is a peer-learning and support conversation to help all ministry leaders understand how to serve well over the long haul.

Facilitator:

Tom Lamshead

Ministry Leaders Gatherings are peer-learning opportunities for **staff and lay leaders** within our family of churches. Please bring your team.
